

**Amendments to the Drawings**

As required by the Office Action, Figs. 2, 5, 8A, 8B, 10, 12B, 13, and 14 have been editorially amended to include the labeled representations required by 37 CFR § 1.83. Annotated marked-up drawings and replacement drawing sheets are presented herein.

**Remarks**

Reconsideration and allowance of this application, as amended, are respectfully requested. A substitute specification has been provided. Drawing Figures 2, 5, 8A, 8B, 10, 12B, 13, and 14 have been amended. Claims 1-4, 6, 7, 9, 13-15, 19, and 20 have been amended. Claims 5, 10, 11, and 16-18 have been canceled, and claims 21-26 have been added. Claims 1-4, 6-9, 12-15, and 19-26 are now pending in the application. The rejections are respectfully submitted to be obviated in view of the amendments and remarks presented herein. No new matter has been introduced through the foregoing amendments.

As required by the Office Action, a substitute specification with abstract is attached hereto. No new matter has been introduced through the substitute specification.

As also required by the Office Action, Figs. 2, 5, 8A, 8B, 10, 12B, 13, and 14 have been editorially amended to include the labeled representations required by 37 CFR § 1.83. Annotated marked-up drawings are presented herein. In accordance with 37 CFR § 1.121, a replacement drawing sheet for each of the figures is attached hereto.

In paragraphs 8, 10 and 11 of the Action, claims 1-4, 7-10 and 11-15 were rejected by the prior art references. However, in paragraph 12 of the Action, claims 5, 6, 11 and 16-20 were objected to as being dependent upon a rejected base claim, but were indicated allowable if rewritten in independent form.

In view of the rejections and indication of allowable subject matter, claim 1 has been amended to incorporate limitations originally presented in now-canceled claim 5. Claim 7 has been amended to incorporate limitations originally present in now-cancelled claims 10 and 11. Claim 15 has been amended to incorporate limitations originally presented in now-canceled

U.S. Application No.: 10/622,796

Docket No.: K-2125

claim 16. Independent claim 21 is a combination of original claims 15 and 18, and claim 24 is a combination of original claims 15 and 17. Other claims directly or indirectly depend from the independent claims.

It is therefore believed that the claims pending in the application are patentable over the prior art, as stated in the Action.

Reconsideration and allowance are earnestly solicited.

A credit card authorization form in the amount of \$200.00 is attached herewith for filing two additional independent claims in excess of three.

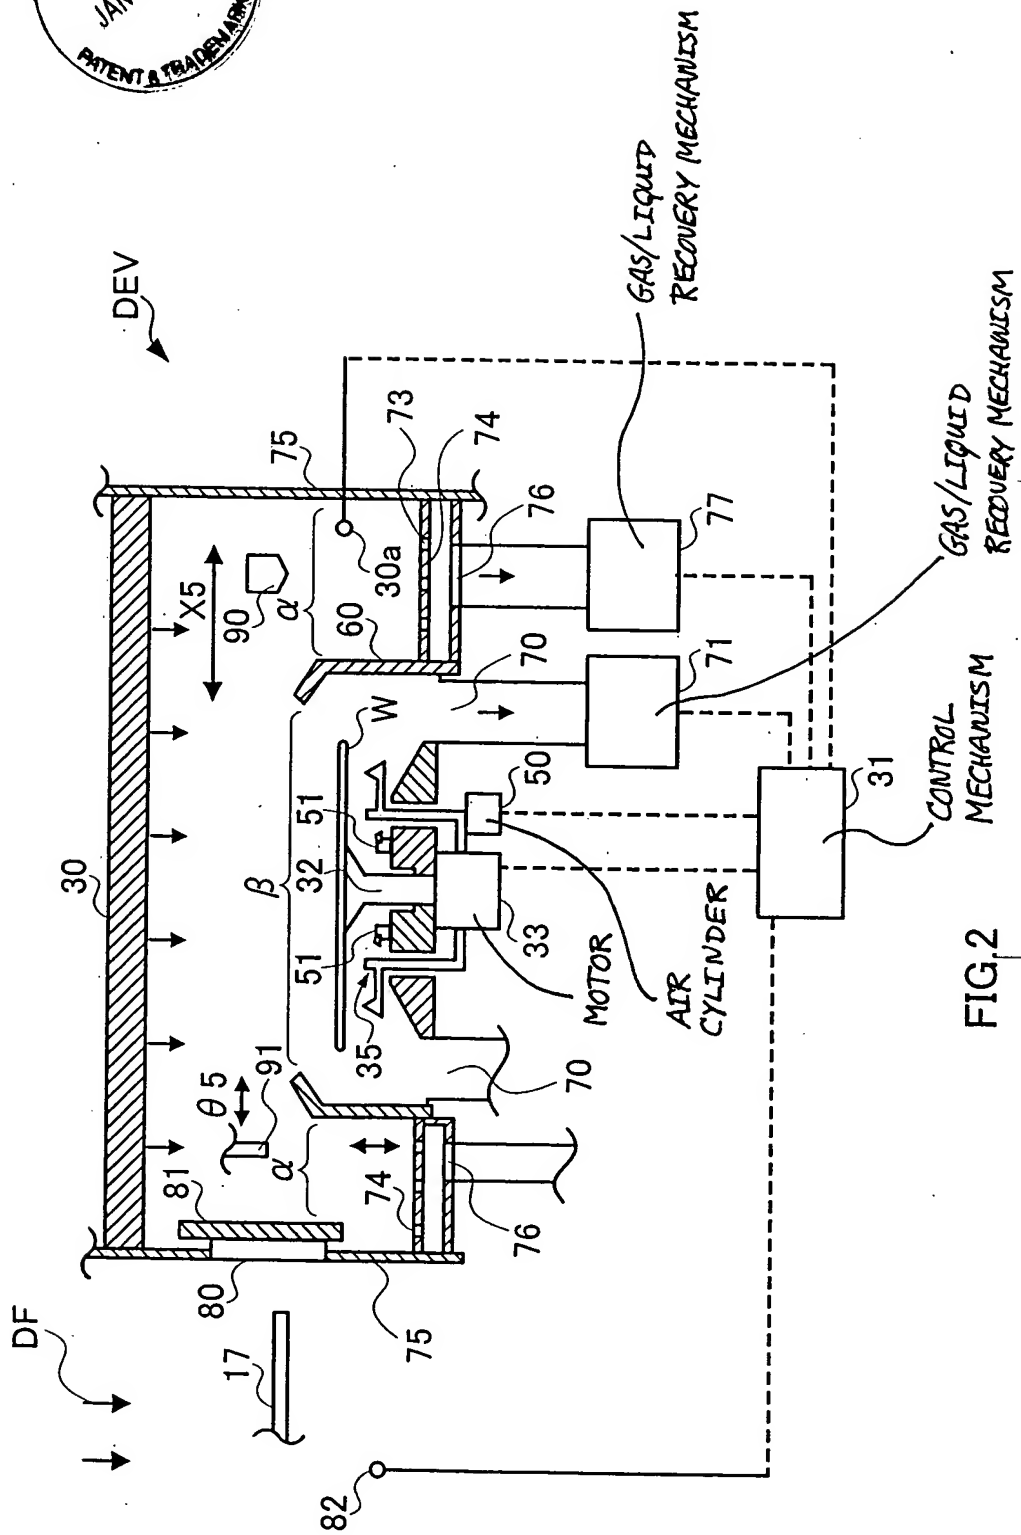

Respectfully submitted,

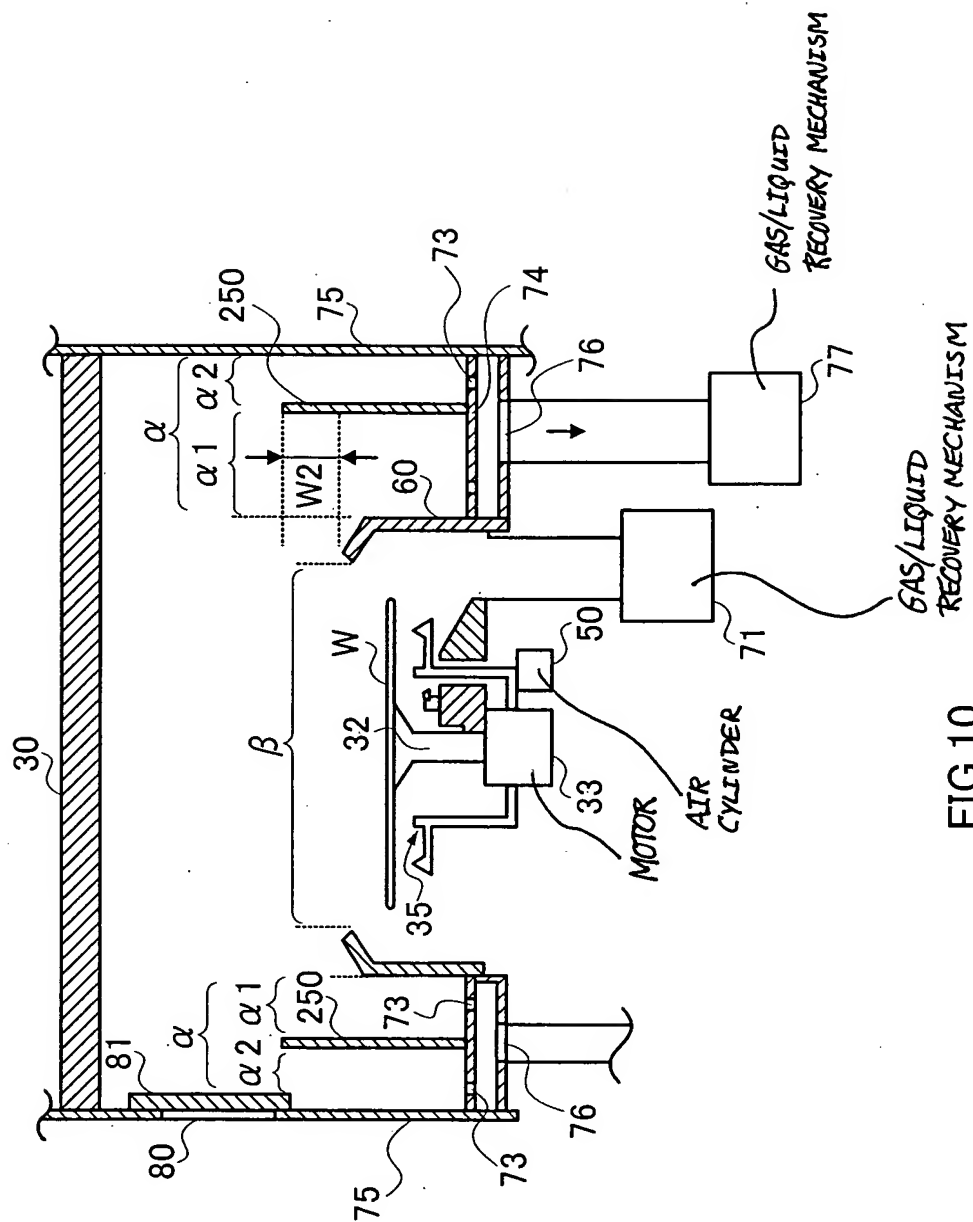

Fig. 1 is a cross-sectional view of a nozzle assembly. The assembly includes a nozzle body 200 with a nozzle tip 201. A nozzle opening 40 is formed in the tip, with a nozzle inner wall 41 and a nozzle outer wall 420. A nozzle channel 39 is formed in the body, with a nozzle inner wall 37 and a nozzle outer wall 413. A nozzle inlet 415 is connected to the nozzle channel. A rinsing solution supplying source is connected to the inlet. A dashed line L indicates the flow direction of the rinsing solution.
